

Visual Devices are Everywhere

2

Visual Devices are Everywhere

The second video in our Visual Basics Section, Gwendolyn Galsworth shows that we are surrounded by visual devices, on our roads and highways, in the community, at the airport, and in so many other public locations. See what Dr. Galsworth means when she says that these devices keep us safe, on-time, and purposeful, seamlessly helping us to do the right thing—and avoid doing the wrong thing. Visual devices connect our towns, cities, and country and keep us and our economy stable and strong.
